REPORT OF PUBLIC HEALTH NURSE

47 Main Street
Plymouth, N. H.
December 1964

Mr. George Plant, Health Officer
Holderness, N. H.

Dear Health Officer:

The following is a report of the Health Activities, conducted for Holderness, by the N. H. Division of Public Health - Public Health Nursing, for the year 1964.

There were no immunizations held in the town, but the families needing to complete Sabin Polio Vaccine were invited to attend the clinics held at the Nurses office in Plymouth in January and April, several attended.

School children, who were previous reactors to the Tuberculin tests were again followed with chest x-rays at Plymouth Clinic held at I.O.O.F. Hall. These are held semi-annually by the N. H. Tuberculosis and Health Association. Tuberculin Tests are conducted in the school once in three years. The reactors to the tests are advised to follow-through with chest x-rays yearly for at least three years. Many adults and older children took advantage of the Mobile Chest X-ray Unit in Plymouth the last of September. Written reports have been sent to all attendinb x-ray clinics.

Assistance has been given under the N. H. Crippled Children's Services, N. H. Sight Conservation and other special programs as necessary.

Home visits have been made to mothers, babies, preschool children, communicable disease and others as needed.

Respectfully submitted,

LOIS B. REED, R. N.

Public Health Nurse, N. H. Division of Public Health

REPORT OF THE FOREST FIRE WARDEN AND YOUR DISTRICT CHIEF

The 1964 forest fire season surpassed the record year of 1963 in both length and severity. For the second successive year, we experienced a rainfall deficiency of more than ten inches and the compounding of such drought conditions, together with the many days of strong, dry winds, characterized 1964 as one of the most hazardous years in the past half century. Although our fire season was three weeks longer than that of 1963, the number of fires showed only a slight increase and more remarkable was the fact that the area burned dropped from 2280 acres in 1963 to 900 acres in 1964. Early detection and rapid response kept many potential fire disasters from becoming reality. We all owe a debt of gratitude to the men in this community who responded and fought our fires so efficiently. Our state is now 86% wooded and its economy - both industrial and recreational - is greatly dependent on this forest resource. The responsibility for adequate fire protection of this great area — 4,350,000 acres is everyone's responsibility and prevention is one of our most effective tools.

Prevention is good common sense.

1. Take your rubbish to the town dump.
2. Instruct your children in fire safety.
3. Be sure discarded smoking material and matches are out.

A major portion of our preventable fires this year are chargeable to three causes: (1) permit fires allowed to escape; (2) children playing with matches; and (3) smokers. Let's be mindful of the fact that all such fires endanger property and lives. Holderness had four forest fires this year in which 1½ acres were burned.

We wish to thank you for your very fine cooperation during the past fire season and with your continued cooperation we are confident we can improve our fire record in 1965.

The moderator read the motion on Article VI as follows:

I move that the district create a cooperative school district planning committee and to elect the members thereof or determine that they shall be appointed by the moderator.

Mr. Currier passed out literature explaining the content of the article. Mr. Beij requested information on

Permission was granted. Mr. Heffernan listed the changes from the article proposed in 1962. (1) the committee would be three people, one a member of the school board and (2) the framework of the plan would be set up before the vote by the committee and presented to the people.

Mrs. Hinman questioned the difference between a study group and a planning committee. Mr. Beij said Holderness should get a twenty year contract to prevent an increase in rate. Mrs. Henderson suggested an investigation committee rather than a planning committee or a study group. Mr. Sargent suggested latitude in the responsibilities of the committee. Mr. Heffernan pointed out that this should be the start on a cooperative school. Mrs. Wolf asked if the state had the authority to direct the school district relative to the committees to which Mr. Heffernan answered no. Mr. Brown moved to table Article VI. Mr. Karsten seconded. Mrs. Henderson asked if we must find two other towns to work with the planning committee. Mrs. Bushnell said there was no other town to study with us and that three were required.

At nine o'clock the moderator declared the polls open to complete the voting. There was no additional vote. The polls were declared closed.

After considerable discussion on Article VI the moderator called for a standing vote on Mr. Brown's motion. The vote was counted by the moderator. Twelve (12) were in favor of tabling Article VI. Fifteen (15) were opposed. Article VI was opened for discussion. The legal terminology of the study groups was discussed, their involvement with other groups, their limitations. The moderator called for a standing vote on Article VI. The vote was counted by the moderator. Sixteen (16) were in favor of forming a study committee for cooperative schools. One (1) was opposed. The motion was carried.

Mr. Richards moved the committee be appointed from the floor. Mr. Adams seconded. Mr. Sargent nominated Mrs. Frances Ayer, Mr. Richards seconded. Mr. Ford nominated Mr. Currier. Mr. Karsten seconded. Mr. Willoughby nominated Mrs. Henderson. Mrs. Ayer seconded. Mrs. Henderson refused to accept the nomination. Mr. Hunt nominated Mr. Earl Brown. Mr. Karsten seconded. Mr. Willoughby moved the nominations be closed.

Mrs. Wolf made a motion that the clerk be authorized to cast one ballot for the committee selected. This was seconded by Mrs. Currier. The voice vote was unanimous.

The moderator read Article VII as follows:

> To see if the district will create an area school planning committee and to elect the members thereof or determine that they shall be appointed by the moderator.

Mr. Sargent proposed Article VII be amended as follows:

> To see if the district will create a school study committee to study area, tuition and other school concepts and to utilize the same people as elected in

Article VI.

The moderator called for a vote to accept the amendment.

The vote was in the affirmative without opposition. Mr. Sargent moved and Mr. Brown seconded that the amended motion be adopted.

There was no discussion of the motion.

The vote was in the affirmative without opposition. The moderator read Article VIII as follows:

> To transact any other business that may legally come before the meeting.

Mrs. Bushnell read a commendation of Mr. Willoughby for faithful service. Mr. Willoughby was given a standing ovation.

There was no other business to be brought before the meeting.

The moderator announced the result of the ballot counting. 37 votes were cast.

For moderator—Carlton L. Elsner	36
For clerk—Gertrude L. Elsner	36
For treasurer—Marguerite Brown	37
For member of the school board:	
Patricia Henderson	32
Phyllis Smith	1
Edith Plant	1
Frances Ayer	1

Mr. Ford moved the meeting be closed. Mrs. Wolf seconded the motion.

Regional School Study

At the Annual District Meeting in March of 1964, the District voted to create a Cooperative School

District Planning Committee, and the following members were elected: Mrs. Frances Ayer, Mr. Earle Brown, and Mr. Charles L. Currier.

An organizational meeting of the Planning Committees from Ashland, Campton, Holderness, Plymouth, Rumney, Thornton and Wentworth was held on April 2, and a Cooperative School District Planning Board was formed. At the meeting on April 16, the Warren Study Committee joined the Board.

The Cooperative School District Planning Board held six meetings, and at the meeting on June 18, it was agreed that public hearings be held in the respective towns and explain the difficulties in arriving at a decision on the area of study and to meet again on July 16.

The Holderness Planning Committee held a public meeting on July 9, and explained how six Planning Board Meetings had been held and that a majority vote required by law was never obtained as to the grade levels to be studied, 1 through 12, 7 through 12 or 9 through 12. A discussion was held and it was agreed that the Holderness problem was in the secondary area and that further study should be made.

The Planning Board met on July 16, and heard the results of the individual meetings and after much discussion it was agreed to dissolve the Planning Board and attempt a new study in September with the Planning Committees that were definitely interested.

The Cooperative School District Planning Board was reformed in September and has been holding meetings and making a study of the grades 7 through 12 area.

Costs

The property tax assessment for 1964-65 school year was $99,380.25, and the income from sweepstakes revenue was $4,710.65.

The increase in the budget for the ensuing year is mainly due to increase in the tuition rates to the four high schools that serve the Holderness School District and teachers' salaries.

The tuition rates for 1965-66 has been set as follows:

Ashland	$489.00
Inter-Lakes	$464.00
Laconia	$596.00
Plymouth	$515.00

The average salary for the teaching staff is $4700.-00 and the beginning salary for most of the surrounding districts will be $4500.00 for 1965-66.

Conclusion

I would like to take this opportunity to thank and commend the members of the School Board for their continued support. As a result of their fine cooperation and efforts, our achievements are most gratifying.

I also wish to thank the members of the P. T. A., Selectmen, Highway Department, Police and Transporters for their services and community spirit in the educational program.

A quality education is dependent upon many factors and the most important is effective teaching, and so the Principal and Staff is to be commended for the cooperation and sincere devotion to their duties.

REPORT OF THE PRINCIPAL

To the School Board, Superintendent of Schools, Parents and Citizens of Holderness.

I hereby submit my second annual report as Principal of the Holderness Central School.

The school year started with the opening of school on September 9, 1964. Student enrollment remained quite constant at about 140. Two new teachers have joined the staff, Mr. Wilson and Mrs. Dearborn, replacing Mr. Chickering and Mrs. Lavine.

The curriculum has been broadened and strengthened in two major areas this year; mathematics and physical education. In grades 5 thru 8, new arithmetic books were purchased, and the foundations of a modern mathematics program were laid. Next year the program will be developed in grades 1 through 4, resulting in a much improved, updated, and continuous arithmetic program for all the grades. The physical education program was evaluated and has been strengthened in several areas in the past year. The Holderness P. T. A. deserves a great deal of credit for the financial help that they extended to the school in the area of physical education. With money that the P. T. A. raised, the school was able to purchase two tumbling mats, two climbing ropes, and a peg board. That equipment, together with the equipment that the School District purchased, enabled us to start a physical education program in grades 1 through 8.

I feel that progress was made in many areas in the past year and deserves mention; transportation was improved with the purchase of another school bus by Mr. Hunt, the instrumental music program continues to improve and expand under the leadership of Mr. Bushnell, the school library is continuing to expand through the efforts of Mrs. Corbett and the P. T. A.

Skating is again enjoyed by the students due largely to the efforts of the Holderness Fire Department

under the direction of "Kip" Hawkins. They have given freely of their time on many sub "0" nights, flooding and maintaining the rink.

The interscholastic athletic program is continuing to function well under the direction of Mr. Wilson. Holderness Central School has interscholastic teams in flag football, basketball, baseball, girls' basketball, and girls' softball.

The students from Holderness Boys School, under the direction of Rev. Judge, gave the students of Holderness Central School a Christmas Party at which time gifts were given to the students and a sum of money was presented to the school.

I believe that Holderness Central School has moved forward in many areas this year due largely to the efforts, encouragement, and support of many individuals and organizations. It is my conviction that this progress will continue throughout the coming year. I extend my thanks to each of you and especially to the members of the School Board, Mr. Heffernan, and the members of the staff who have worked so cooperatively with me throughout the year.

Respectfully submitted,

CLARENCE W. BAILEY, JR.
